## DUGOUT DOPE

Well, rain seemed to have put the damper on the sports calendar for last week end, washing out a ball game, a track meet, and a tennis match. Let's hope for good weather this week end though. The baseball team plays Livermore today, and the track team competes in the Antioch Invitational tomorrow.

One of these days we're going to figure up the individual scoring for basketball. While on the subject, though, we'd like to again present our All-County Team, revised a little. Here it is.

This weeks spotlight is a girl you all know from Walnut Creek. She was born in San Francisco but lived in the great city of Walnut Creek for 7 years. She is blonde with eyes of blue and is five feet six inches tall. This girl is a junior, and has a brother that is a freshman. He is very interested in magic. The spotlight's favorite sports are skiing and horseback riding. Her favorite song is "Only Forever." She likes anything to eat that is fattening except celery root. Her one ambition is to be a nurse. Her best friends are a "fellow" who goes to The College of the Pacific and Lee and Tuddy. This girl is a student body officer.

## DON TOOTIN'

April 18 is one date to underline, for the bond election will be held on that day. The need for the three new units is, without exaggerating, urgent. Acalanes is already taking care of more students than it was built for. Next year will see an increase of at least a hundred new students. Where will they be put? In the new units, let us hope.

Last Friday Diablo's dramatic department came up with another hit, their Spring production, "The Torch Bearers." Miss Bromley again demonstrated her versatility in jumping from last year's great production, "Our Town", to a comedy.

Tomorrow, as Easter vacation begins, so, also, does baseball in the Pacific Coast League. There is no surer sign of approaching summer than Dean Maddox's "Okie dokie, fans". And speaking of Maddox, Acalanes might have an outdoor public address hookup for its league games, according to persistent rumor.

The Lafayette Sun recently pointed out in a recent article, that the Aklan is taking its business out of Contra Costa County to have the engraving and printing on the yearbook done. The article ended somewhat ominously: "This is an oversight, we HOPE." Permit us to say that The Aklan is extremely limited in funds, and that it is entitled to have its book printed and engraved where it can get the best job for the least money.

Well, as the polar bear said as he sat on the ice, "My tale is told."

### LAURA JEAN PHILLIPS CHOSEN

#### FOR GIRLS STATE BY AUMS STUDENTS

Voting was held this afternoon for a girl student to represent Acalanes at girls' state to be held at Sacramento this summer. Laura Jean Phillips, Junior from Lafayette, was chosen by the student body. Voting for a boy representative to go to the Boys' state will be held in the near future.

## FEATURE PAGE—

Around Acalanes with your roving reporter:

We see pink and yellow sweaters all over the place, particularly the ones with the new epaulet shoulders. Most popular is the slipon, which comes in both long and short puffed sleeves. Also stealing the spotlight are the powder blue sweaters with darker blue skirts, the yellow with brown, and pink with fuchsia combinations.

We hear that a girl's proudest possession is her tan, which she acquires by sitting around in the hall with her skirts up to her knees.

We find the cute jumper pinafores, which button down the back and have full skirts, very popular, and also quite practical for summer.

We discover the "lima bean" necklaces, which are being made by several of the homemaking classes, and were introduced in Acalanes by Pat Gordon from University High. They are made by stringing dried beans and painting them with nail polish. Also interesting are the macaroni, pipe cleaner, and shell necklaces that are made by the girls.

We notice that still in demand are the brightly colored jockies which can be worn with anything, and are darling with dare regulation skirts.

The teachers also are blossoming out in style: Messrs. Walgren, Knight, and Rauhut all have new suits. Most outstanding is Mr. Knight's, a flashy blue-green tweed, while Messrs. Rauhut and Walgren go in for the more conservative gray and brown models, respectively.

### TWENTY YEARS FROM NOW

Screw—still running round blowing up Vida—A navy wife, of course.

Brucie—still a quiz kid.

Peggy Ross—teaching little shavers elocution.

Mr. Rauhut—still correcting test papers.

The students—still complaining how messy the streets are, and still throwing papers all over the place.

Ferrier—trying his luck on a shovel.

Tom Dowd—2nd Rube Goldberg.

Helen E.—taking Betty Grables's place.

Mr. Hopkins—still riding his bike to school.

Pat O'Brian—professional baseball players wife.

### ATHLETES ELECT CAPTAINS

Holding elections eight period, the A, Bee and Cee basketball teams and the football teams elected honorary captains today. Results: Varsity basketball: Don Huovinen. Bee basketball: Dave Crossett. Cee basketball: Willy Reed and Ed Armanino. Football: Roger Harding.

## SOX MEET COWBOYS THIS AFT

### TRACK TEAM BEST IN DISCUS

Acalanes' trackmen are beginning to wonder if the season ever will begin for them. The first meet with Pittsburg last Tuesday was rained out. So now, tomorrow sees the Aklans strut their stuff at the Antioch Invitational Track Meet, at that city.

Several question marks loom in the Don Squad, with many green men.

Dave Crossett in the varsity sprints, and Bob Hammond in the cee-and-a-half sprints are two fast men, but they haven't run in competition before. John Nourse is a talented pole vaulter and high jumper but how he will do this season is uncertain.

Undoubtedly, the brightest spot in the track team is the weight department, shot and discus. Acalanes has a crack discus team in Roger Harding, county record holder, Gordy Lavelle, Babe Allen and John Nourse.

The shot team has loads of talent in Bill Pitts, Gordy Lavelle, John Nourse, Ed Robinson and Roger Harding. All can throw over forty feet, and they should be good for lots of points, especially in relay meets.

### PAGLIERO AND WALKER TO MEET EIGHTH PERIOD

This afternoon Bob Walker and Vic Pagliero will again don the gloves in eighth period gym in a 3-round boxing match.

The two have been furnishing diversion for the rest of the class during the raining spell with their "pneud." Last Friday, Pagliero scored a technical knockout over Walker, who was forced to quit because his toe hurt.

Walker promptly demanded a rematch, which will be held today. Mr. Walgren will referee.

### RAIN WASHES OUT

### TENNIS MATCH, BALL GAME, TRACK MEET

Last week end was to be a big one on the sports calendar, but old Jupe Pluvius had other ideas. He turned on his sprinkler and washed out a track meet, a baseball game, and a tennis match.

The track meet was to be at Pittsburg High, and the ball game and tennis match were with Diablo at Avon and Concord, respectively.

The track season was late getting under way as it was, and the rain postponed it till tomorrow at Antioch.

### TOSSERS SEEK FIRST WIN

Once more the Acalanes horsehiders venture forth in their fourth consecutive game away from home to tackle the Livermore Cowboys there this afternoon.

Anyone and everyone may pitch, but we'll take a blind guess and pick Stub Van Brocklin, freshman speed baller, to start. The catcher will be Jim Ferrier, who finally found his hitting eye in the Emery game.

Further examination of Earl Eigard's ankle shows it only to be sprained, and he will be back for the league opener. This will strengthen the Dons hitting.

There are several weak hitting spots on the team. Left field is well covered by Earl Creager, but he cannot hit. First base is notoriously weak hitting with Parsons and Huovinen. Both are good fielders, but this would gladly be sacrificed for a little punch at the plate.

Probable batting order:

Hinkson	SS
M. Van Brocklin	CF
Corder	RF
S. Van Brocklin	P
Ferrier	C
Palmer	3B
Levake	2B
Parsons	1B
Creager	L F
